

IFC-69 Break-A-Way™ Track

Simple to install and use...

It's a snap:

Just mount the ceiling or wall track using tamper resistant hardware; insert the special safety tabs, and easily attach the curtains with the continuous loop tape that's sewn to the top hem. Imperial can supply any curtain or track you need, for any application.

Solids and prints, clear vinyl viewing panels for security, nylon mesh tops for ventilation - you name it. We know that running today's facilities isn't easy... that's why we make sure the curtains are.
