

Capture Shield

Product Data Sheet

Model CS-8

Handheld capture shield measuring 20" x 36" with ergonomic features.

Product Details	
Product Name	CS-8
Material	Shield- Polycarbonate; Handles- Polymer alloy with steel inserts
Color	Shield- Clear; Handles- Black
Product Weight	6 lbs.
Description	A handheld capture shield with ergonomic features. Shield is .150" thick, 20" wide, and 36" tall with a formed radius. Designed for cell extraction applications. The foam pad on the concave surface provides additional holding friction.
Competitive Advantage	Strong double handles allow a firm grip under various conditions. The shield has superior optical quality and workmanship. This product is unique in that the design allows two people to grip with both hands on each handle when extra holding power is needed. The handles are dielectric to prevent electrical pass through.
Applications	Police, Sheriff, National Guard, University Police, Riot Squad, Jail, Military.
